

# Welcome to **Health Service Navigator**®

# Because recovery will be your first priority.

Your Manulife critical illness insurance policy is designed to provide you with financial peace of mind if you are diagnosed with one of the conditions it covers.\*

But Manulife takes peace of mind a step further with Health Service Navigator.

Currently, in addition to the benefits described in your policy, Manulife provides you and your eligible family members with access to Health Service Navigator, a comprehensive, integrated health information and online resource centre. And it's available to you now.

Health Service Navigator\*\* provides:

- A resource to help you navigate the **Canadian health care system**.
- Access **not just for you, but for your eligible family members too!**
- **Available to you right now.** It's not dependent on making a critical illness claim.
- Access to a **world-class medical second opinion service**.

\*You and your mean the person(s) insured under the critical illness insurance policy.

\*\*Health Service Navigator is a non-contractual benefit. Manulife cannot guarantee its availability.

## World-class medical second opinions

Health Service Navigator includes access to a medical second opinion service because when you or one of your dependents are facing a serious illness, it makes sense to try to make sure you receive the right diagnosis and the most effective treatment plan.\*

The second opinion provider, WorldCare Inc., specializes in medical advisory assistance. Your diagnosis and treatment plans are evaluated confidentially and securely by world-class physician specialists – all without you having to leave your home.

Once you initiate the service, WorldCare Inc. coordinates working with your physician to obtain the medical information needed for the specialists to evaluate and communicate their findings. This helps both you and your doctor access the latest in medical advances from leading medical institutions in the United States, including:

### Children’s Hospital Boston

### Duke University Health System

### Mayo Clinic

### Partners HealthCare System, Inc., which include:

- Massachusetts General Hospital
- Brigham and Women’s Hospital
- Dana-Farber/Partners Cancer Care

### UCLA Healthcare

The second opinion service includes an independent review, diagnosis and treatment recommendations from leading, licensed medical physicians. These physicians are recognized as top medical specialists and practice at some of the foremost teaching and research hospitals in the United States, known collectively as the WorldCare Consortium.™

## Medical coordination services

If you or an eligible dependent receive a second opinion and decide to travel to the United States for medical treatment, WorldCare Inc. provides the following services:

- Help identifying and selecting a WorldCare Consortium™ hospital or specialist
- Arranging appointments
- Coordinating support for specialized transportation needs
- Meeting any special requirements, such as cultural considerations or language issues
- Assistance with discharge planning and return travel home for the patient

## What conditions are covered under the second opinion service?

Health Service Navigator’s second opinion service is available to you and your eligible family members for the conditions covered in your policy. If you’re unsure of what’s covered, you can:

- Review your policy,
- Contact your advisor, or
- Call Health Service Navigator toll free at: 1-877-455-3552.

\* WorldCare Inc. will provide one second opinion for each life insured, and one additional second opinion that may be used by any eligible dependent of each life insured.
